## **Plan/Business Plan**

### **2023-2026**

The Council will continue to be flexible in its approach so that it can meet the changing economic, social and cultural situation, and the needs and wishes of local residents. This Plan will be under regular review to ensure that it meets the current and future needs of Mistley.

The Community Action/Business Plan is a statement of the Council's Vision for the Village, its purpose, values, objectives and key priorities. It details what the Parish Council intends to focus on for projects which are short to medium term on behalf of our local people.

#### **Chairman and Vice Chairman of the Council**

The Chairman is nominated at the Annual Parish Council Meeting and also the Vice Chairman is nominated to serve the Council and the Parish for the ensuing Council year.

If residents, clubs and organisations would like the Chairman or Vice Chairman to attend functions, events or openings, please do let the Parish Council office know.

The Chairman and the Vice Chairman represent the Parish Council and the Village and attend local community events and form close networking partnerships with other stakeholders and Parish/Town Councils.

#### **Background/Introduction**

Mistley Parish Council is the first tier and "grass roots" level of local government and as it is more local, it is often the first point of contact for local people. The Parish Council aims to "sign-post" residents to the most appropriate level of local government. It has an important role to play in promoting the Village, representing its interests and supporting the work of different groups in the community.

The other two tiers of local authority are Tendring District Council and Essex County Council and with the Parish Council - all three Councils offer different services and facilities to local residents.

Tendring District Council is the second tier of local government and can assist with planning applications, trees, licensing, car parking, housing, street cleaning, grass and hedge cutting, refuse collection, environmental health, fly tipping and dog fouling.

The Parish Council can for example, assist local people by providing contact details and assistance for planning applications in Mistley to the Local Planning Authority, which is Tendring District Council or provide information to residents about the Highways Department of Essex County Council to report a dangerous pot-hole in the road. The Parish Council is often the first point of contact for local people. The Parish Council aims to "sign-post" residents to the most appropriate level of local government.

The Parish Council has an important role to play in promoting the Village, representing its interests and supporting the work of different groups in the community.

## **Plan/Business Plan**

### **2023-2026**

Although the District Council is responsible for litter, the Parish Council employs a Warden part-time who works a few hours a week and collects litter around the Village to help to continue to make Mistley an attractive, clean and tidy Village to live, work in and visit.

The Parish Council organises two volunteer litter picking events in the Village each year. This project is hugely successful with many people from the community, of all ages, and from differing groups and organisations coming together to help to continue to make our Village a wonderful place.

Essex County Council is the third tier of local government and is the authority responsible for highways and pedestrian matters, for education, health and social services, libraries and public rights of way.

Footpath Warden - Mistley has a Volunteer Footpath Warden who reports regularly to the Parish Council. He liaises with the Parish Council about landowners, public footpath signage, access and the quality of public footpaths and rights of way. The Parish Council with the Footpath Warden continues to promote and encourage people to participate in organised walks also in partnership with Essex County Council Public Rights of Way.

Tree Warden - Our Volunteer Tree Warden is the local Tree Champion and is the eyes and ears of the Community on Tree matters and can also be the catalyst for getting projects started and supported in conjunction the Parish Council. The Parish Council is a member of The Tree Charter Group which helps to protect our environment and open spaces.

The Community Action/Business Plan is a strategy which provides a framework and has been developed to encourage community engagement and involvement.

#### The Finances/Financial Projections & Sources of Funding

The Council's priorities through the production of this Community Action/Business Plan will provide a framework for future decision-making, and continuous financial and business planning for Mistley. The annual Budget is set by the full Parish Council and gives an estimated account of income and expenditure for the year. These details are published on the Council's website. Management of income and expenditure is monitored by the Finance Committee and the full Parish Council.

Income – The majority of the Parish Council's income is achieved via the annual precept. This is the local tax levied by the Parish Council and is collected on its behalf by Tendring District Council as part of the annual Council Tax bill. The precept is based on Council Tax Band D property rates/tax.

Expenditure – This is dealt with primarily via the Council's Finance Committee, its Cemetery Sub-Committee and the full Council.

Provisions for longer-term and larger projects are allocated to the Parish Council's earmarked, ring-fenced Reserves. The Budget controls the Council's finances. It demonstrates that the Council has planned, considered and provided ample financial provision so that it should have sufficient checking of its spending against its budget plans on a regular basis by monthly bank reconciliations and quarterly finance reports. This matter will be considered and agreed at relevant full Parish Council Meetings and the quarterly check will be recorded in the Council's public Minutes. The Parish Council fully controls its finances during the Council year against its Budget in order to achieve its objectives for the benefit of its electorate.

The Council's priority is to develop and maintain its current assets in the first instance, in order to maximise existing opportunities. For example, its own play areas/open spaces.

Grants and Contributions - The Parish Council can sometimes secure grant funding for some of its project work and community activities, in partnership with external stakeholders and groups and also more national based funders. On the back of planning and development in Mistley, on occasion the Village will receive some funding via Section 106 Developer Agreements which are part of the Town and Country Planning Act 1990, where funds are available for assisting with infrastructure raised via developers and paid to the Local Planning Authority, i.e. Tendring District Council.

Expenses and Allowances – Councillors are all volunteers. There is currently no allowance for the Councillors apart from the Chairman of the Council. The said allowance is specifically for expenses incurred whilst fulfilling the Chairman of the Council's duties, obligations and responsibilities. Councillors may however be reimbursed for travel expenses when on Parish Council business.

Grant Awarding Policy – The Parish Council is committed to supporting and strengthening the many networks of community groups, which make a positive difference to the enjoyment and wellbeing of Mistley residents.

### **2023-2026**

- Latest set of Accounts/full Financial Statement of no more than 3 x A4 pages.

The grant is not available to fund individuals, commercial or statutory organisations.

In making decisions they will observe the following guidelines:-

- Approvals will depend on sufficient funds being available within the overall grants budget;
- If the grants budget has been expended the Parish Council will be empowered to authorise virements from savings elsewhere in the budget;
- The latest set of accounts or financial statement will be required with each application/s;
- Mistley organisations will receive preference for grants;
- Applications from County or national organisations will be considered if it can be shown that their activities provide positive benefits for Mistley people. Amounts of grants in such case will be limited.

The Parish Council keeps its website regularly updated with financial information, with an easy to follow link to the financial information. The sort of information that local residents may want to look at includes:

- The Annual Accounts (Audited);
- The Annual Budget;
- The Annual Return;
- The Asset Register;
- Audit Reports;
- Quarterly Budget Reports: 1<sup>st</sup> Quarter Financial Period, 2<sup>nd</sup> Quarter Financial Period and 3<sup>rd</sup> Quarter Financial Period.
- Monthly Bank Reconciliations.

Grant Applications by the Parish Council – Various grant applications and bids will be made throughout the Council's financial year in order to endeavour to save council taxpayers money. Funders include both local and national providers. Locally, the Council will continue to apply for financial assistance/partnership funding and any other initiatives or "one-off" schemes which may come to the Parish Council's attention.

The Council encourages Councillors and Staff to enhance their respective knowledge through training and development, to enable the Parish Council to make the most effective contribution to its Council's aims and objectives which are to serve the Mistley community.

Next Steps – The Parish Council will ensure that the goals, aspirations and outcomes/actions are delivered. A performance management approach has been set up to ensure that regular progress reviews will take place against the Community Action/Business Plan. The actual Community Action/Business Plan will be fully reviewed and updated annually, in line with how the Parish Council's Budget systems work.

This Community Action/Business Plan is a way of updating local people about Mistley Parish Council's services and activities and asking for feedback about current and future projects for the Village.

During 2020 and in the coming weeks and months the Parish Council will be facing even more challenges as the Council endeavours to move forward in the confines of these unprecedented circumstances and COVID-19.

However, the Council will use its time effectively to make sure that we are well prepared for the future and are able to progress, improve and make things happen like new projects. Although in the short term the Council will have to curb some of its face-to-face engagement, but it will strive to be more visible, more active, and more engaging with the public as far as it practicably can. The Council would like to reassure you all that we are all working very hard to achieve the very best for the Village. If you see the Councillors, the Clerk or the Warden around the Village then please say "hello". We are all here to serve you and the Village and if there is any matter that you would like to discuss relating to Mistley that you consider is important, then please let the Parish Council know.
